RESOLUTION No. 639

WHEREAS, the City of Lodi has heretofore commenced and there is now pending in the Superior Court of the State of California in and for the County of San Joaquin, a certain suit against East Bay Municipal Utility District and Pacific Gas & Electric Company, a corporation, and others, defendants, for the purpose of restraining the diversion of waters from the Mokelumne River; and whereas, the City of Lodi has heretofore made and filed in said action a certain offer to do equity in said action; and whereas, said defendants have heretofore requested time in which to study and consider said offer and make counter proposals, and whereas, the attorneys for said City, have from time to time continued the time of trial of said action at the request of attorneys for said defendants so that said defendants might have time in which to study the offer to do equity and in which to make said counter proposals;

AND WHEREAS, the City Council of said City feels that sufficient time has been granted for the above purposes; NOW THEREFORE, BE IT RESOLVED, by the said City Council that it is the sense of said Council that sufficient time for the above purposes has been heretofore granted and that the attorneys for said city are hereby instructed to bring said action to trial and try the same as soon as reasonably possible.

Said City Council appreciates the fact that the attorneys for said City have endeavored to bring about a satisfactory settlement of said action without trial but feels that the said defendants have consumed entirely too much time in study of said City's offer to do equity and in their

preparation of such counter proposal or proposals as they desire to make.
